

STUDY CIRCLES - OASES FOR LEARNING AND RENEWAL

In these challenging times, some are finding a renewed sense of oases in the wilderness. The form of the oases may vary but it sure frequently occurs in the timeless gift of dedicating TIME for study, sharing and wrestling. Remember our established model of Together in Ministry (TIM) Covenant Groups, and that we have grant funds to help support those convening groups this year. These typically span at least one year and often much longer. Apply at our website. www.ministerscouncil.com

Other oases may be one-time sessions of learning on common interest, or long-term traveling in a ministry arena of common interest. (We've begun visioning on what these "Affinity Groups" might look like.)

We are also currently helping to convene STUDY CIRCLES. which affords fellowship and sharpening over a shorter duration. We've been curating lists of titles suggested to us or which rise to the top of "surely this would be a helpful resource" kind of list. Do you have a title to suggest? Something you'd like to experience with others? We'd be glad to assist in promoting and a strong start for a 4-8 week experience.

Contact Jacki at ministerscouncil@abc-usa.org to share your ideas.
